

Q

What do a sinking ship and an angry bunny have in common?

If you guessed Compaq, you're right. But they share more than that. *Bunny* and *Titanic* are both Oscar-winning productions. Each film features amazing computer animation and dazzling special effects. While being produced, the filmmakers faced critical deadlines and tight budgets. But Compaq had the right

answers behind the scenes to help both films succeed. 3D animation. Video production. Multimedia asset management. Whatever you're working on, make Compaq solutions your winning choice for value, performance, availability and room for growth.
